Mopped Up on Our Boys

The Miami Basket Ball team came over last Saturday night and literally wiped up our boys to the tune of 28 to 13. There was a big crowd to witness the game and everything went off nice and orderly. Our boys say the reason Miami beat them was because they simply had the best players. That's a very plausible explanation.

Fairland Home Burned

For the first time in several years, Fairland has had a fire.

It was about the hour of midnight last Saturday night when the alarm was given, and which proved to be the residence of Jim Trissler, on the south side which was completely enveloped in flames when discovered.

The family had left home late Saturday afternoon and had gone to the country to remain overnight, and the entire contents of the house was lost. It was by very heroic work on the part of citizens that nearby houses were saved. The origin of the fire is of course unknown. We understand that the loss was fairly well covered by insurance. We have not learned whether Mr. Trissler intends to rebuild or not.

Will Celebrate Anniversary

Fairland Homestead, No. 4980, Brotherhood of American Yeomen, will celebrate the 18th anniversary of its existence at the Masonic hall in this city on the evening of Feb. 25, with an open session, speaking and supper. The membership is anticipating a great time.

Robbers Last Monday Night

Five Business Houses Entered and Some Money Taken

Thought to be Strangers, No Arrest

Fairland awoke last Tuesday morning to find that she had been visited the night before by robbers.

First it was discovered that the Frisco depot had been entered and ransacked, but only 35 cents had been left in the building, and that was all found there.

Then it developed that the post office had been broken into, and the money drawer rifled. Here the robbers fared a little better, for they succeeded in finding something over \$7 in change which they appropriated to their own use, but they overlooked a cigar box containing about \$12. The stamps, however, were unmolested, and Postmaster Flint may congratulate himself that he got off as well as he did.

Then other reports began to come in. C. L. Jones reported that his hardware store had been entered but nothing of any value could be missed.

The Miller-Geck lumber yard office was also broken into, but here also they made a water haul.

The robbers then must have become hungry, for they hit it for Nunamaker's cafe, where they evidently eat to their soul's content.

Of course it is not known who the robbers were, but suspicion points to strangers who acted in a suspicious manner, and as the loot they took amounted to so little, no great expense is being made to apprehend them.

This little stunt should serve as a warning to our people, for we might not get off so easily next time.

Large Funeral At Miami

Prominent Church and Lodge Man's Funeral Attended by About 2000 People, 600 Children

As predicted by the News-Herald, the funeral of Rev. Jerry Hubbard of Miami, was attended by the largest crowd ever seen at a funeral in this county.

The services were held in the large Auditorium in that city, and the number of persons in attendance was very conservatively estimated at 2000 persons, and many were turned away at the door who could not gain admittance.

Friends of the deceased were present from almost every town and community in this section of the country, and it is safe to say, that had the weather been favorable that fully twice as many would have been present.

While the funeral was under general supervision of the Odd Fellows fraternity, all the leading churches of Miami had a part in it, and the pastors of six denominations took a part the exercises.

At the close of the exercises at the auditorium six hundred children were permitted to pass through the room and have a last look at the one they all loved so well.

The services were so impressive that there was hardly a person in vast congregation but what was moved to tears. The business houses of the city closed their doors while the funeral was in progress, in honor and respect to the one so universally liked.

Though poor in this world's goods, Uncle Jerry was rich in friendship and love by his fellow man, and the present generation will have to pass away before his noble and upright life will be forgotten.

Mrs. Tinkle Dies Suddenly

The remains of Mrs. J. N. Tinkle, of Chickasha, formerly of this place, and who died in a hospital at Oklahoma City the latter part of last week, were taken through here last Saturday evening for Illinois for burial. Mrs. Tinkle was formerly Miss Lizza Garrison, and was a teacher in our public schools for several terms. She was married to Rev. Tinkle here, while he was pastor of the Methodist church. Besides her husband, she leaves two little children. Mrs. Tinkle had many friends here, with whom she visited last summer, and who were very sorry to learn of her death. Further particulars of her illness are lacking.

You will find the best trunks in town at Dumas & Nidiffer.

Big Chandler came home from Oklahoma City the first of the week, where he had been lobbying for an appointment, and stayed with it until he landed his job. Gov. Williams promised him the appointment of live stock inspector, to take effect about May 1st, and will last for a term of four years. Congratulations are now in order.

This may not be new, but we heard it on our streets the first of the week: "I saw an advertisement in a paper saying, 'Send us 25c and we will send you a coat hanger and cigar lighter.' It struck me as a good bargain, so I sent them 25c," said the man. "And they sent me a 10-penny nail and one parlor match." Another sucker of the mail order house.

Married Last Sunday

Mr. Clyde Audrain, son of Mr. and Mrs. W. S. Audrain, north of town, and Miss Pearl Scott, daughter of Mr. and Mrs. J. N. Scott of the same neighborhood, were married last Sunday afternoon at the home of the bride's parents, Eld. F. M. Conner of this place officiating. After the wedding a dainty six o'clock dinner was served to the wedding party. Both are well known and well respected young people and have the best wishes of their many friends.

Humbug Circus Coming

The News-Herald is in receipt of a communication from G. L. Smalley of Afton, stating that the band boys of that place are arranging a big Minstrel Show and Humbug Circus, and expect to play a number of nearby towns this spring, and that it was the desire of their boys that Fairland be included in the circuit, provided our people would like to see their big show. As their show is strictly a benefit entertainment, they would expect that the regular circus license be lifted and tent grounds be furnished at as little expense as possible.

All that we have talked with are anxious to have them come, and we believe the arrangements can be adjusted satisfactory.

The date of their engagement here will probably be about the middle of May.

We'd Like to Have You

Kind reader, if a copy of this issue happens to fall into your hands, and you are not a subscriber, we respectfully request that you look it over carefully, and if you think you would like to see a copy every week, we'd be glad to enroll you on our books. One dollar gets it one year. Fifty cents, six months. Twenty-five cents, three months.

The Lutheran people have the frame work up for their new parsonage, and a bran new house will soon loom up in the west part of town.

Lost Their Baby Girl

After a Lingering Illness Little Child Passed Away—An Impressive Funeral—Little Girls Help

The death angel again visited our little town on last Friday night and claimed as its victim the little year old daughter of Dr. and Mrs. R. A. Johnston.

The child had been sick for several weeks of bronchial pneumonia, but had grown better and was thought to be on the road to recovery, but a sudden relapse came about three days before her death and the frail constitution could not bear up under it.

The funeral was held at the Christian church at 1 o'clock on Sunday afternoon, conducted by Eld. F. M. Conner, and was attended by a large concourse of surviving and sympathizing friends. The little remains were then borne to the city cemetery for interment.

Little girls of the Christian Sunday school acted as pall bearers, and beautiful floral offering by the ladies of the church was very beautiful and appropriate.

The Doctor and Mrs. Johnston and the surviving sister have the sincere sympathy of the town and community, especially those of us who have had a like experience. But there is consolation in the thought that her suffering is now over, and that no matter what our ideas of the future are, all must admit that the little one is better off.

Double Header Tomorrow

The News-Herald is requested to say that the Miami Basket Ball team will be here tomorrow to play the Fairland team a double header. The first game will be called at 3:30 and the second at 7:45. Those who seen the fierce conflict last Saturday night will want to see the games threshed out.

Welcome, teachers!

What about our next Premium Day stunt?

If we don't get our customary comic valentine next Sunday, we'll feel awfully hurt.

Fairland just has to have a robbery pulled off occasionally to remain in high society.

Isn't it about time for some old pessimist to bob up and inform us that the peaches are all killed?

Today is Lincoln's birthday and our minds naturally return to the rail-splitting days of long, long ago.

The sweet smelling perfume that greet our nostrils from the back-yard trash fires, suggests to us the approach of spring, and we haven't received a single package of garden seed from Washington yet.

Fairland merchants are highly pleased with their after-holiday business, and from the way they are ordering and getting in new goods, must be anticipating a heavy spring trade. Neither the low price of cotton nor the high price of wheat seems to effect their business, and the war in Europe has not frightened them in the least. It now looks like the year 1915 would be the best from a business standpoint, of any in the history of the town.

The spring election for town officers is drawing near, and the matter should receive the attention of those interested in good government. At this election we are to elect five trustees, a town clerk, a town treasurer and a town justice. The marshal is not elected, but gets his appointment from the new board of trustees. It is necessary that we select men of good sound judgement and men who have the best interest of the town at heart, to transact the town's business for the coming two years. So let's begin to think the matter over and be ready to act intelligently when the time arrives to make the selections.

Worn Out?

No doubt you are, if you suffer from any of the numerous ailments to which all women are subject. Do It Now.

If with pleasure you are viewing Any work a man is doing, If you like him or you love him, Tell him now;

Don't withhold your approbation, Till the parson makes oration, As he lies with snowy lillies O'er his brow.

For, no matter how you shout it, He won't really care about it,

He won't know how many tear drops You have shed,

If you think some praise is due him Now's the time to slip it to him,

For he cannot read his tombstone When he's dead.

More than fame and more than money Is the comment kind and sunny,

And the hearty, warm approval Of a friend,

For it gives to life a savor,

It makes you stronger, braver,

And it gives you heart and spirit To the end.

If he earns your praise, bestow it;

If you like him, let him know it;

Let the words of true encouragement be said;

Do not wait till life is over,

And he's underneath the clover,

For he cannot read his tombstone When he's dead.

Fairland will have as her guest tomorrow, the school teachers of Ottawa county, as well as some distinguished visitors from a distance, and our people should not fail to show all the necessary courtesy commonly expected on such occasions.

Scott Thompson, a former traveling solicitor and reporter for the Vinita Leader, has bought and resurrected the Bluejacket Gazette, which has been dead or in a trance for the past five months. It is being planned to have a big class adoption of some 300 members and a log rolling at Miami some time in next month, at which all the camps in the county are expected to attend and participate. Miami guarantees 150 of the class, and the organizers expect to write 50 from Fairland. The "big thing" at Miami promises to be something great. State and head officers are promised to be present. A big street parade will be a feature and an all round good time is assured. The Fairland camp is urged to get busy and help land the desired 50 members.

Agricultural Agent Here

O. T. Pogue, County Agent of the U. S. Department of Agriculture, with headquarters at Miami, was here the first of the week, getting acquainted with our people and explaining his work that he is sent here to do. Mr. Pogue is here to assist the farmer in every way possible, and his services are free for the asking. All he asks is the co-operation of our farmers, and is anxious to be of any service he can. He paid this office a pleasant call and we do not hesitate to say that he can be of much service to our farmers if they will only give him the opportunity.

He had just been called to the home home of Wm. Howell, west of town where he found a herd of swine that he advised be vaccinated, and to which Mr. Howell readily consented. Mr. Pogue did the work himself, although that is not his direct work.

At the present time of the year he will probably be consulted more as to proper ground preparation, seed testing, what to plant and how to cultivate the various crops grown by the Ottawa county farmers.

The News-Herald is at the service of Mr. Pogue and the farmers of the community for anything that we can do that will be of any benefit to our farmers.

Christian Church

Sunday school attendance is steadily increasing. Last Sunday we had 111 present. Jan. 31 we had 104. Jan. 24 we had 97. An increase of 7 for each of the three last Sundays. Mrs. Lynch class took the banner last Sunday. Class No. 7 had the largest collection. Total collection \$2.10.

Why not everybody go to Sunday school, church, and prayer meeting? All who can, let them do so next Sunday.

FRISCO LINES

Low Fares

TO

FLORIDA

AND THE

TEXAS GULF COAST

IT will cost you very little, this winter, to spend a few days or few weeks in a warmer, balmier climate. Both the Texas Gulf Coast and Florida provide hotels to fit every purse, from the resort palace to the inexpensive but comfortable family hotel or boarding house.

Your Agent will be glad to quote fares and arrange sleeping car reservations; and if you will drop me a postal saying where you think of going, I will be glad to send you, without charge, some handsomely illustrated descriptive literature.
